Thomas Roma: In the Vale of Cashmere

October 29th – December 19th, 2015

Opening Reception: Thursday, October 29th, 6:00-8:00 PM

With *In the Vale of Cashmere*, Roma brings us into a little known Eden, one that has been quietly thriving for decades. Roma's portraits of men set in an uncanny urban wooded landscape carry a history of New York and Brooklyn that predates and parallels the gay rights and civil rights movements. Roma brings us into a secret world, giving us the opportunity to consider the individual with sensitivity and respect while also engaging in a larger discussion of race, gender, sexuality, and class in an increasingly gentrified New York.
